

1st

Par 4

Black tee: 327m

Blue tee: 318m

White tee: 250m

Red tee: 318m

A 200m drive will land near the gully, leaving an uphill shot to the forward sloping green.

Allow at least one extra club.

2nd

Par 4 / Par 5

Black tee: 366m

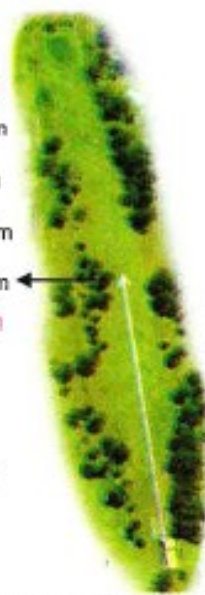

Blue tee: 361m

White tee: 344m

Red tee: 361m

The Fairway slopes to the right so slicers beware.

Small & elevated, the green slopes forward and can be deadly when fast.

3rd

Par 3

Black tee: 186m

Blue tee: 180m

White tee: 158m

Red tee: 124m

A long par 3 with a hungry little pond on the right and a hungry big bunker on the left.

Plenty of green for the straight hitters, but the sharp elevation in front, means all carry is required.

4th

Par 4

Black tee: 327m

Blue tee: 323m

White tee: 317m

Red tee: 323m

Stay left on the drive and it is a short shot to the large, flat green.

Plenty of run if you drive over the crest.

5th

Par 4

Black tee: 385 m

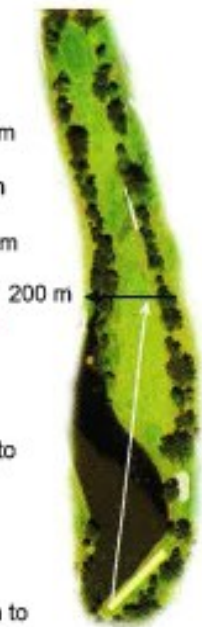

Blue tee: 374 m

White tee: 275 m

Red tee: 275m

Stay right from the tee as the fairway slopes to the hazard.

Longer hitters enjoy some run to the gully then up to the domed green

6th

Par 5

Black tee: 505 m

Blue tee: 494 m

White tee: 426 m

Red tee: 431m

Rated 2 for good reason... water if your drive runs on or goes left, but laying up needs 2 good hits to the large flat green.

A deep bunker beckons on the left.

7th

Par 4

Black tee: 376 m

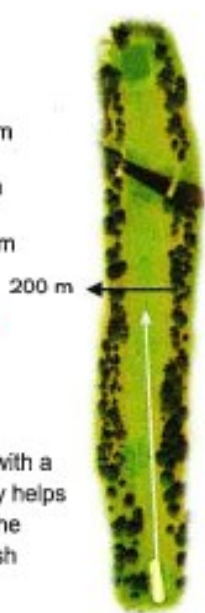

Blue tee: 367 m

White tee: 284 m

Red tee: 284m

A longer par 4 with a downhill fairway helps the ego. Over the water to a flattish green.

The mounded front makes running up a lottery.

8th

Par 4

Black tee: 340 m

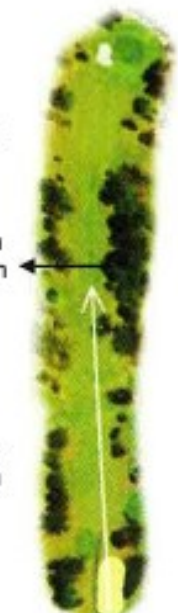

Blue tee: 334 m

White tee: 306 m

Red tee: 306m

A simple straight hit up the hill to a tiered elevated green. Allow an extra club.

Over zealous hitters can find themselves with a lightning downhill putt.

9th

Par 3

Black tee: 140 m

Blue tee: 136 m

White tee: 132 m

Red tee: 138m

Perched up high, on an elevated tee, this is what golf is all about.

Lovely scenery, birds singing, just drop it onto the green and tap in the putt.

The green slopes right to left and both bunkers are well patronised.

10th

Par 3

Black tee: 137 m

Blue tee: 130 m

White tee: 120 m

Red tee: 130m

Only 137 m but plenty to consider when playing the 10th.

Front bunkers are magnetic but hitting long will leave you a sometimes unstoppable downhill putt

137 m

11th

Par 5

Black tee: 513 m

Blue tee: 508 m

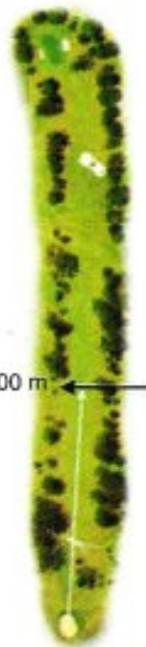

White tee: 467 m

Red tee: 467m

A downhill tee shot puts the average player within range of the fairway bunker where an island garden awaits.

Prudent play is to lay up short leaving 130m in. Avoid going over the back. Not nice

200 m

12th

Par 3

Black tee: 118 m

Blue tee: 110 m

White tee: 106 m

Red tee: 115m

The simplest hole on the course, only 118m... so how come so many players miss the big flat green?

The bunkers give no such problem.

There is a cliff behind.

118 m

13th

Par 4

Black tee: 375m

Blue tee: 365m

White tee: 321m

Red tee: 328m

Stay right to avoid overhanging trees on the second shot.

A big, flat, bunker free green is kind to the scorecard.

200 m

14th

Par 4

Black tee: 348 m

Blue tee: 343 m

White tee: 290 m

Red tee: 290m

Not hooker friendly. A deep drain one metre from the out-of-bounds fence fixes them.

Accuracy needed on approach shot. Hazard and bank on left, bunker right. Otherwise enjoy.

200 m

LEGEND

White posts - 150m to centre

Blue posts - 100m to centre

Black & White pegs - out of bounds

Black Course: 5776m / par 70

Blue Course: 5647m

White Course: 4917m

Red Course: 5027m / par 71

Check Scoreboard for Local Rules and check noticeboard for Temporary Local Rules.

15th

Par 3

Black tee: 181m

Blue tee: 173m

White tee: 155m

Red tee: 140m

Prettiest hole on the course. Long par three with hidden bunker left. Hitting into mounded gardens left. Hitting into mounded gardens is not recommended.

The green is large with gentle slope to front.

181 m

16th

Par 5

Black tee: 466m

Blue tee: 461m

White tee: 414m

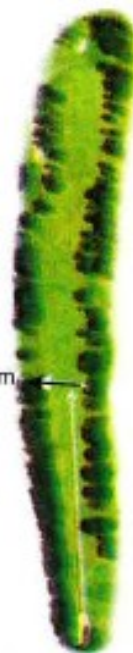

Red tee: 414m

More trouble for hookers with a fence on left and a dam further up.

The drive over the hill gives plenty of run but drifts right.

Uphill to moderate green

200 m

17th

Par 4

Black tee: 344m

Blue tee: 336m

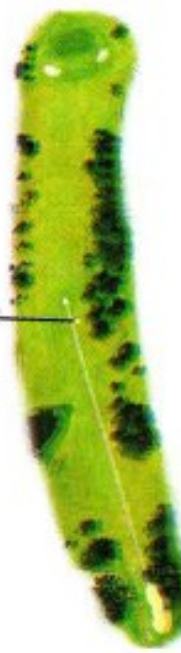

White tee: 300m

Red tee: 331m

The first drive to a wide fairway is easy. It's all uphill from there so allow more club.

If the green is fast, downhill putts are diabolical

200 m

18th

Par 4

Black tee: 342m

Blue tee: 334m

White tee: 252m

Red tee: 252m

Signature hole for the course.

Big dogleg left and a dam that preys on mishit drives.

The green is deep but well bunkered. Out of bounds on left and behind. Steep bank on right.

200 m
