**A very special welcome to our new members, T Fargas, Geoff Tinnsley and Andy Duffie.**

Two KCC veteran golfers were putting their scorecards in last Monday and their conversation went something like this -

*“Hey, Ernie, how’d you go today?”*

*“Not that great, only 25 points, but that included 5 frigging wipes”.*

*“Wow, 5 wipes, you did really well then”.*

So, Aristotle, you must have been correct then when you once claimed that *the pleasure derived from a group of things each interacting with one another is more soothing than anything experienced from those same things acting in isolation.*
