COULD IT BE TRUE?

If you are one of those guys who's suddenly shooting some really low scores and not even your closest mates can work out how you're doing it please be aware that this book was seen doing the rounds last week at the club. Not sure if the committee wants to learn more, with plans to somehow screen players before they tee off, or they're just bloody jealous and want to get in on the act.

NEXT WEEK

Next week is the Monthly Medal and putting and is the 2nd round of the Club Championships.
